Veronica Hammar, secretary, SO, C8:3 repr

Tove Hoffman, A9:3 repr

Tifaine Héchard, PhD student repr

Natalia Papadopoulos, B11:3 repr

Ann-Marie Gustafson, B9:3 repr

Arianna Cocco, D11:3 repr

*SO = safety officer/skyddsombud*

### Notes IMBIM's working environment group (Arbetsmiljögrupp, AMG)

1. The previous minutes was followed up.
2. Catharina informed about the Covid-19 situation at IMBIM, BMC and UU.
3. Eva informs:
  - If if you use toxic liquids and need a lid for the fume hoods, contact [Ove Lorentz](#).
  - Uppsala Vatten is updating the document "Restrictions on periodic discharge of liquid waste...". right now so if you would like to give feedback, now is a good time. "[Restriktioner för periodiska utsläpp av flytande avfall och restprodukter till avloppsnätet](#)".
  - Procurements
    - Antibodies and molecular biology products (e.g. enzymes, DNA extraction kits). Microbiology products included (e.g. agar)
    - Freezers and fridges for laboratory use.Please, contact [Marie Edberg](#) or [Maria Höglund](#) if you have opinions, suggestions or experience from current contracts.
  - All corridors have to update Klara before the end of December.
  - If you use ear phones, make sure that you still can hear your colleagues and machines.
4. Safety inspection 2022; February 8 and 9 between 9-12, Veronica, Eva, Catharina and lokalvården/cleaning dep will do the round and the corridor representative ends up

in each corridor. We do the round in following order: B11:3, D11:3, NBIS / Navet, C10:3, D9:3, B9:3, A9:3, course lab A9:2, C8: 3, D7:3.

5. The work environment plan/arbetsmiljöplan was updated, Veronica sends out an updated document to the group and publishes it on IMBIM website. Until next meeting, everyone should read through the first two pages and come up with any changes and additions.
6. Black flakes/dots in the water in A9:3. You only see it if you fill up the sink. All repr in each corridor, check the water and contact Veronica with the result.
7. There have been work environment problems at the Department of Neuroscience for a long time. Intensive work is underway to develop a plan for how the department can be dissolved and how research groups and responsibility for education can be distributed among other departments.

By the pen, Veronica
